1. Equality Statement

At Horrabridge Primary and Nursery School (HNPS), we welcome our duties under the Equality Act 2010.

We are committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families. The school's general duties, with regards to equality are:

- Eliminating discrimination.
- Fostering good relationships.
- Advancing equality of opportunity.

We will not discriminate against, harass or victimise any pupil, prospective pupil, or other member of the school community because of their:

- Gender.
- Race.
- Disability.
- Religion or belief.
- Sexual orientation.
- Gender reassignment.
- Pregnancy or maternity.

HPNS aims to promote pupils' spiritual, moral, social, and cultural development, with special emphasis on promoting equality, diversity and eradicating prejudicial incidents for pupils and staff. Our school is committed to not only eliminating discrimination, but also increasing understanding and appreciation for

diversity. We believe that a greater level of success from pupils and staff can be achieved by realising the uniqueness of individuals. Creating a prejudice free environment where individuals feel confident and at ease is a commitment of the school.

This environment will be achieved by:

- Being respectful.
- Always treating all members of the school community fairly.
- Developing an understanding of diversity and the benefits it can have.
- Adopting an inclusive attitude.
- Adopting an inclusive curriculum that is accessible to all.
- Encouraging compassion and open-mindedness.

We are committed to having a balanced and equitable curriculum. We believe that our pupils should be exposed to ideas and concepts that may challenge their understanding to help ensure that pupils learn to become more accepting and inclusive of others. Challenging and controversial concepts will be delivered in a way that prevents discrimination, and instead promotes inclusive attitudes.

HPNS does not tolerate any form of prejudice-related incident. Whether direct or indirect, we treat discrimination against all members of our school extremely seriously. When an incident is reported, through a thorough reporting procedure, our school is devoted to ensuring appropriate action is taken and a resolution is put into place which is both fair and firm.

At HPNS our pupils are taught to be:

- Understanding of others.
- Celebratory of cultural diversity.
- Eager to reach their full potential.

- Inclusive.
- Aware of what constitutes discriminatory behaviour.

The school's employees will not:

- Discriminate against any member of the school.
- Treat other members of the school unfairly.

The school's employees will:

- Promote diversity equality.
- Encourage and adopt an inclusive attitude.
- Lead by example.

2. Scope and Purpose

This Equality Duty Review covers all individuals working at all levels, including staff at all levels, consultants, contractors, trainees, home-workers, part-time and fixed-term staff, volunteers, governing board members, casual workers, and agency staff. It also applies to the wider community such as children, job applicants, ambassadors, and parents/guardians.

The purpose of the Equality Duty Review is to set out our approach, through our equality objectives, to promoting equality and diversity and how we will tackle discrimination and challenge social exclusion. It outlines our commitment, actions, reviews, and how we comply with the law to ensure that equality and diversity are promoted in our Horrabridge Primary and Nursery School and that our staff, children, and community are not subject to, and do not commit, unlawful acts of discrimination.

3. Equality Act 2010

The [Equality Act 2010](#) protects people from discrimination and harassment. If someone thinks they have been discriminated against they may take their complaint to a court or Employment Tribunal (if they are an employee). But the act also places duties on public authorities (including Horrabridge Primary and Nursery Schools) to be pro-active about addressing inequalities. The Public Sector General Duty (Section 149) states: that a public authority must give due regard to the need to:

- Eliminate discrimination, harassment, victimisation, and any other prohibited conduct.
- Advance equality of opportunity.
- Foster good relations between people.

'Advance equality of opportunity' means to remove or minimise disadvantage, meet people's needs, take account of disabilities, and encourage participation in public life.

Failure to observe these public sector duties could result in a judicial review, but also put Horrabridge Primary and Nursery Schools at risk of discriminatory practice.

These duties apply to eight **protected characteristics**:

- **Age** - A person of a particular age (e.g. 32 year old) or a range of ages (e.g. 18 - 30 year olds). Age discrimination does not apply to the provision of education, but it does apply to work.
- **Disability** - A person has a disability if they have, or has had, a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities. It includes discrimination arising from something connected with their disability such as use of aids or medical conditions. HIV, multiple sclerosis, and cancer are all considered as disabilities, regardless of their effect.
- **Gender reassignment** – Transgender people may have the body of one gender but feel that they are the opposite gender. The word transgender is sometimes used interchangeably with terms such as transsexual or gender-variant but usually has a narrower meaning and different connotations than gender variant, including non-identification with the gender assigned at birth.

This relates to a person who is proposing to undergo, is undergoing or has undergone gender reassignment (the process of changing physiological or other attributes of sex, therefore changing from male to female, or female to male). Children as young as five may begin to show signs of [gender dysphoria](#) and therefore it is relevant in any Horrabridge Primary and Nursery School environment.

- **Marriage and civil partnership** – Marriage and civil partnership discrimination does not apply to the provision of education, but it does apply to staff and other adults.
- **Pregnancy and maternity** - Maternity refers to the period of 26 weeks after the birth (including stillbirths), which reflects the period of a woman's Ordinary Maternity Leave entitlement in the employment context. In employment, it also covers (where eligible) the period up to the end of her Additional Maternity Leave. Within education it also protects children who are pregnant.
- **Race** - A person's colour, nationality, ethnic or national origin. It includes Travellers and Gypsies as well as White British people.
- **Religion and belief** - Religious and philosophical beliefs including lack of belief. Generally, a belief should affect your life choices or the way you live for it to be included in the definition. Religion and belief discrimination does not prevent an Horrabridge Primary and Nursery School from carrying out collective worship or other curriculum-based activities, but children may withdraw from acts of collective worship.
- **Gender identity** - Gender identity refers to a person's understanding and experience of their own gender, it is their internal sense of self. Everyone has a

gender identity; for some people, it corresponds with the gender assigned at birth, and for some others, it does not. Gender identities are expansive and do not need to be confined within one collectively agreed-upon term. An individual's appearance may not inform you of their gender identity. It is important to understand that one's gender identity does not direct the way we are or the clothing we choose to wear.

- **Sexual orientation** - A person's sexual orientation, is the part of their identity that relates to who they find attractive. Although it is in the name, the attraction to other people does not have to be sexual, it could be romantic, or connection-based. Some people are attracted to a particular gender, or genders, some people are attracted to who the person is (their morals, values, humour, intelligence, etc.) and for some it is a combination of the two. Sexual orientation equality is as relevant in a primary school environment as it is in a secondary school. For example, a child may have an older sibling or parent who is gay. Children may experience friends 'questioning' or disclosing at any age. Horrabridge Primary and Nursery Schools with a particular religious ethos cannot discriminate against non-heterosexual children or parents/guardians.

We understand that an individual's gender identity and sexual orientation is individual to them.

The legal duties to eliminate harassment and foster good relations make it clear that Horrabridge Primary and Nursery Schools must address bullying and prejudice-related incidents, based on a protected characteristic, such as racism or homophobic bullying.

The expectation in law is not only for Horrabridge Primary and Nursery Schools to respond when an incident occurs, but to also take steps to prevent those incidents from occurring or escalating.

Because of its relevance to the duty to eliminate harassment and foster good relations, this means that Horrabridge Primary and Nursery Schools should [report](#) incidents to the local authority, publish information on performance, and set objectives about bullying and prejudice-related incidents. What is published will vary according to Horrabridge Primary and Nursery School size, but it could include publishing basic data, supported by a narrative, about the number and type of incidents reported and dealt with.

Care must be taken to not publish any details that could identify specific individuals. An Horrabridge Primary and Nursery School can include relevant objectives in its development plan and it should also refresh its equality objectives at least every four years.

For more information, please familiarise yourself with the DfE's [Equality Act 2010 and schools guidance](#).

4. Responsibilities

Governing Board

- Ensure that the Horrabridge Primary and Nursery School complies with equality-related legislation.
- Ensure that the policy and its procedures are implemented by the Headteacher.
- Ensure all other Horrabridge Primary and Nursery School policies promote equality.

- Give due regard to the Public Sector Equality Duty when making decisions.

Headteacher

- Implement the policy and its related procedures.
- Make all staff aware of their responsibilities and provide training as appropriate to enable them to effectively deliver this policy.
- Take appropriate action in any case of actual or potential discrimination.
- Ensure that all staff understand their duties regarding recruitment and providing reasonable adjustments to staff. It is unlawful for an employer to enquire about the health of an applicant for a job until a job offer has been made unless the questions are specifically related to an intrinsic function of the work - for example ensuring that applicants for a PE teaching post have the physical capability to carry out the duties. Horrabridge Primary and Nursery Schools should no longer require job applicants to complete a generic health questionnaire. Neither should an Horrabridge Primary and Nursery School seek out past sickness records until they have made a job offer.
- Ensure that all staff and children are aware of the process for reporting and following up on bullying and prejudice-related incidents.

7. Year 1 data and Summary

At the end of year 1, 2 and 3, you will need to publish data on how your School is doing in response to its Equality Duty. This isn't an in-depth response, but more of a way to acknowledge that Horrabridge Primary and Nursery School is developing and improving equality, diversity, and inclusion. It will also highlight areas that are improving and what requires more attention.

Your data needs to cover the same areas as your 'current' data published previously, on areas relating to:

- attendance
- suspensions
- exclusions
- attainment for children with protected characteristics.
- bullying, prejudice and racism incidents

You should also include information on

- the engagement of extracurricular activities,
- attendance to residential and trips for those with protected characteristics.
- 'pupil' voice and parent/guidance voice survey data regarding equality, diversity and inclusion.

If your Horrabridge Primary and Nursery School employs more than 150 staff, it will also need to publish data about its staff.

You can also use this section to summarise any key new changes or developments within your Horrabridge Primary and Nursery School. Such as policies, reviewing a key part of your curriculum or setting up a Cultural Champions group. It is also an opportunity to highlight any changes that need to be made in response to the academic year. For example, if you have seen an increase in sexism and sexual harassment in your Horrabridge Primary and Nursery School amongst children, you may need to incorporate more workshops or review the curriculum and assemblies.

You should ensure that your Equality committee is involved in this review and ensure that this document has been updated on your website.
